

Unleash

Soulfly

War after war
the lion roar
Hell after hell
Cambodian death bells
Scum after scum
they blot out the sun
Hill after hills
in the killing fields
No more fear of failure
No more suffering
No more lies,
I will arise
From blood-filled rivers
of my enemies
Unleash war
Unleash my wrath
Unleash revenge
Unleash my hell
Pig after pig
the blood runs cold
Stone after stone
the kingdom comes
Doom after doom
the fallen ruins
Hate after hate
theres no escape
Unleash war
Unleash my wrath
Unleash revenge
Unleash my hell
No more scars
of judgement
No more tolerance
No more compromise,
I stand baptized in fire
Unleashing my revenge
Unleash war
Unleash my wrath
Unleash revenge
Unleash my hell
Fucked up,
you never ever learn
Ive reached the point
of no return
No I cant take it
anymore
Youre borrowing
the blood I earned
From onslaught
to oblivion
Youre never
taking me alive
Victimized, brutalized,
terrorized, crucified,
Crucified In the heavy
side of life we live
Its not how we chose,
but it is how it fucking is
Unleash! Unleash!
Unleash!
