Modern Times Rock 'N' Roll

Queen

Had to make do with a worn out rock and roll scene

The old bop is gettin' tired need a rest

Well you know what I mean

Fifty eight that was great

But it's over now and that's all

Somethin' harder's coming up

Gonna really knock a hole in the wall

Gonna hit ya grab you hard

Make you feel ten feet tallWell I hope that big new baby's gonna come along soon

You don't know it could happen any ol' rainy afternoon

With the temp'rature down

And the juke box blowin' no fuse

And my musical life's feelin'

Like a long Sunday School cruise

And you know there's one thing

Every single body could use

Yeah listen to me baby

Let me tell you what it's all about

Modern times rock and roll

Modern times rock and rollGet your high heeled guitar boots and some groovy clothes

Get a hair piece on your chest

And a ring through your nose

Find a nice little man who says

He's gonna make you a real big star

Stars in your eyes ants in your pants

Think you should go far

Everybody in this bum sucking world's

Gonna know just who you are

Look outModern times rock and roll
