

# Nothing Box

## Temple Songs

Nothing to lose  
Nothing to gain  
Nothing surrounds me  
Nothing stays the same I fought so long  
To keep from going under  
But why hang on?  
Nothing matters at all  
Nothing at all I try to hide it  
To avoid the shock  
But I get pulled inside it  
my nothing box I fought so long  
To keep from going under  
But why hang on?  
Nothing matters at all  
Nothing at all Prick my finger and you suck me dry  
So dry, no tears to cry  
Take, take, fate worse than death  
Keep taking till there's nothing left There was a time in my life  
When you were everything  
Everything to me  
Everything, everything to me For one moment I had it all  
Then you took everything  
Everything from me  
Everything, everything from me You filled me with nothing  
Nothing at all I fought so long  
To keep from going under  
But why hang on?  
Nothing matters at all  
Nothing at all
