## Grave

From the darkest depths of hell  
Spawn of evil is set free Domination since the dawn of time  
Soulhunter will prevail again The only angels you'll ever see  
Will be the dark ones - Below Trying to please the holy one  
See what that has brought you to  
Live by the book, live by the lies  
The purest souls is what we crave Step into the flames  
You are our guest for eternity No use to look to the skies  
Clench your hands one last time Domination for eternity  
Soulhunter has prevailed again
