

# Sleeping Beauty

## NebelhexÃ«

Still waiting for my ship to come in  
Still looking for the right kinda friend  
There are things inside things that can't be denied  
What am I waiting for A sleeping beauty, so helpless  
Unlock my fantasy  
And while is slept  
You came in  
And gave to me your key oh your key Things that we did again and again  
Things that I thought would never never end  
There are things inside things that can't be denied  
What am I waiting for A sleeping beauty, so helpless  
I confess of perfect design  
And while is slept  
You came in  
And took this heart of mine  
A sleeping beauty, so helpless  
Unlock my fantasy  
And while is slept  
You came in  
And gave to me your key oh your key I looked around I saw your face  
Then I kissed you in a very nice place  
What was I looking for  
Still waiting, still waiting, still waiting  
Waiting waiting for you  
Ooh baby  
I'm still rootin' for you honey You showed me how to give  
This selfish heart of mine Oh a sleeping beauty, so helpless  
Unlock my fantasy  
And while is slept  
You came in  
And gave to me your key oh your key  
A sleeping beauty, so helpless  
Unlock my fantasy  
And while is slept  
You came in  
And gave to me your key oh your key  
Still waiting, waiting, waiting, waiting
