

# Something Else Ahead

**Bill Fay**

Fishes in a pond  
Ain't got a clue,  
Don't know a thing  
About the world in which we live,  
Can't see the clouds,  
Can't see the trees,  
Can't see the birds,  
Can't see the bees  
We're all fishes in a pond  
Ain't got a clue,  
Don't know a thing  
About the third heaven,  
Now we see  
Through a glass darkly,  
How much more there is  
Who can really say? Let's just hope  
There's something else ahead,  
That a life on Earth  
Don't just end,  
Fishes in a pond  
Ain't got a clue,  
Don't know a thing  
About the world in which we live.
