

Dope (@The Howard Stern Show)

Lady Gaga

Cork's off, it's on
The party's just begun
I promise
This drink is my last one
I know I fucked up again
Because I lost my only friend
God forgive my sins
Don't leave me, I
Oh I will hate myself until I dieMy heart would break without you
Might not awake without you
Been hurting low, from living high for so long
I'm sorry, and I love you
Sing with me, "Bell Bottom Blue"
I'll keep on searching for an answer cause I need you more than dopeI need you more than dope
Need you more than dope
Need you more than dope
I need you more than dopeToast one last puff
And two last regrets
Three spirits and
Twelve lonely steps
Up heaven's stairway to gold
Mine myself like coal
A mountain of a soul
Each day, I cry
Oh, I feel so low from living highMy heart would break without you
Might not awake without you
Been hurting low, from living high for so long
I'm sorry, and I love you
Sing with me, "Bell Bottom Blue"
I'll keep searching for an answer cause I need you more than dopeI need you more than dope
I need you more than dope
I need you more than dope
I need you more than dopeI need you more
Need you more
I need you more than dope
