

Chewing Chewing Gum

Super Furry Animals

Once upon a time Cian foolishly took his chewing gum to bed.

This is his warning to us allBlowing bubbles

I've got stuff on my mind

A thought left behind, soDon't go chewing in bed

You might wake up with it stuck in your hairThat's right, don't go chewing now

You might get it right stuck in your hair, stuck in your hairChew, chew, chew, chewing gumThat's right, don't
go chewing now

Aah Aah!
