

Today

Roxanna

All of my life I've been waiting
For someone to promise forever more
And faith's open door brought us together
Now here with me
You are my masterpiece Today and forever
Moment to moment timeless
In your caress love never ends
We belong to each other
Give one another promise
We come to know love never goes
When two hearts touch
They'll always find their destiny Yours is the kiss where my dreams came true
You are the one who said I love you too
And in my last days I will remember you
The thrill of it all and our days in the sun If only one day of life with you I stay
The happiest day of life will be that day
When I'm with you a year seems a day
A day without you is a years I say
