

It Matters

Jimmy Eat World

We're losing several steps ahead, it's strange
Anything you do, anyway you move
Then with any strain it feels so helpless
I trap we build ourselves, we can be without
When you pulled away, I say it matters
With the quiet face, I break I shatter
Then okay, we'll train but after
Nothing new to see, saying what you mean
When you pulled away
I imagine talks last all night
Never bringing up, but every day I want to
I think about us dancing, but it's not something we do
There's my dream, doesn't even sound good to you
When you pulled away, I say it matters
With the quiet face, I break I shatter
Then okay, we'll train but after
Nothing new to see, saying what you mean
When you pulled away
