Overnight Sensation

Imperial Drag

I am one of maybe three
And I don't feel so bad I'd say
A second stops to look at me
Tips his hat and says 'good day'

Then it's up and familiar, down and in flames
A light comes on and it entertains
Makes you feel, you could be...
an overnight sensation
Your mood takes a swing at the ones you oppose
But the ones you love get a double dose
Swing away, swing away, swing away

One is jealous, two went out
Why I've told you is of doubt
If you don't like what I may say
Please be kind and look away

Then it's up and familiar, down and in flames
A light comes on and it entertains
Makes you feel, you could be...
an overnight sensation
Your mood takes a swing at the ones you oppose
But the ones you love get a double dose
Swing away, swing away, swing away

You've found an idea and it's lodged in your brain
A splinter of truth about the mess you've made
Swing away, swing away, swing away
