The Runaways

Anberlin

Come closer now
I know your desire is to be desired
Steal a kiss and, and call us friends
Distance is a theif in which you conspire
Turn and time and time will tell
Time will tell or tear us apart
You're miles and miles and miles away
Silence reveals where we really are
You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
Runaway, runaway girl
It's clearer now
You're nowhere into giving, giving into, giving into me
It's your fault, you're like a rare disease
I know you're in love, with love I believe
Turn and time and time will tell
Time will tell or tear us apart
You're miles and miles and miles away
Silence reveals where we really are
You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
Runaway, runaway girl
Do you expect me to wait here?
(All alone in my thoughts and fears)
My whole life could flash before your eyes
(Hope one day that you realize)
This isn't the way it's supposed to be
(This is who I crown, now without me)
Your regrets from us built up inside
(Great space for you, love buried alive)
Buried alive

You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
You only stayed to break my heart
I can tell it by the way you runaway
Runaway girl
Runaway, runaway girl
I only stayed to break your heart
You can tell it by the way I walk away
Runaway girl
I only stayed to break your heart
You can tell it by the way I run away
Runaway girl
Runaway, runaway girl
