

# Erased

## Dead By April

Here is no one left to trust

Raise a lie, one that I can see!

Now reverse this enormous pain, for this life to remain

I am walking through, what you are to

Hold me close

This is what I see, emptiness in me

This is how I feel, this is what is real

I can't move back (What is now turning black)

I can't replace (What is being erased)

I crawl my way through every day

Raise your light (One that glows for me)

Give me a sign, light my path, take my higher

I am walking through fire

Standing alone, abandoned by fate\*

Walk me through

This is what I see, emptiness in me

This is how I feel, this is what is real

I can't move back (What is now fading black)

I can't replace

What is being, being erased!

Being erased!

Is this all that's left for me?

Hold me close

This is what I see, emptiness in me

This is how I feel, this is what is real

I can't move back (What is left in your life)

I can't replace (What is being erased)

This is what I see, emptiness in me

This is how I feel, this is what is real

I can't move back (What is now fading black

I can't replace (What is being erased)
