Shining Star

The Elwins

Is there something going on with you
Do you feel like you're alone?
Don't you know that, don't you know
it gets better
Come on in and let me sweaterYou've been down
Shuffled the dirt on the ground
But I, I, I see you
and see what you're going throughYou could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyes
You could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyesWhen's the last time that you saw yourself
In the brightness of the light?
Don't you know that, don't you know
that you're lovely
Walking by or flying high above meYou've been down
Shuffled the dirt on the ground
But I, I, I see you
and see what you're going throughYou could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyes
You could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyesYou could be like a shining star
You could be like a shining star
You could be like a shining star
A golden light that's seen afarYou could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyes
You could be like a shining star
A golden light that's seen afar
So just keep burning and don't be shy
Don't let the smoke get in your eyes
