Alibi

Empara Mi

I've got my headstrong beating on ya
I got ahead and youre banking on me now
There just no love songs lullabies

I was an alibi, just an alibi

I got the red wrong, leaning on you
I got ahead when you raised me to the ground
Don't show your cards to me, come up dry
You'll only come up dry, won't ya?

You're just a, just a wannabe, wannabe lover
When you came up to me, you mistake me for another, boy
What do you take me for?
Are you banking on me now?

Me, myself and I
Give each other alibis
You care to try, hold the wood up on my eyes
I think you'll find, you crossed the line
When you raised me to the ground

Uh-oh if you don't mind,
I'd rather you not waste my time
You touched me by, the wandering of your eyes
I think you'll find, you crossed the line
When you raised me to the, you raised me to the ground

You got your head start, gaining on ya
You didn't then, but you're banking on me now
You got me walking down this lonely road
The only thing, I'll ever know

Stuck in the background, waiting on you
Why did you think you could ever put me down?
They threw me right into, into the flames
You took your turn, to fuel the blaze

You're just a, just a wannabe, wannabe lover
When you came up to me, you mistake me for another, boy

What do you take me for?
Are you banking on me now?

Me, myself and I
Give each other alibis
You care to try, hold the wood up on my eyes
I think you'll find, you crossed the line
When you raised me to the ground

Uh-oh if you don't mind,
I'd rather you not waste my time
You touched me by, the wandering of your eyes
I think you'll find, you crossed the line
When you raised me to the, you raised me to the ground

And I've been loving you way too long...
And I've been loving you way too long... uh-oh
And I've been loving you way too long...
And I've been loving you way too long...

Me, myself and I
Give each other alibis
You care to try, hold the wood up on my eyes
I think you'll find, you crossed the line
When you raised me to the ground
