

# Sick Of It All

## Black Label Society

All you've taken  
All forsaken  
Where ya gonna go  
No one told ya how it would be Helter Skelter  
Ain't no shelter  
Stare into the sun  
You can look but you won't see Where are ya gonna go  
The rise before the fall  
When you're just sick of it all  
When you're just sick of it all Fly so high you're gonna die  
When ones got broken wings  
No one told you how it would be The battle between the highs and lows  
Drown yourself again  
It's where ya find that your free Where are ya gonna go  
Nothing's left that ya know  
The rise before the fall  
When you're just sick of it all (x3) Where are ya gonna go  
When nothing's left that ya know  
The rise before the fall  
When you're just sick of it all (x3)
