The Process

Lower Class Brats

When your boss wants to give you the boot
Goddamn fucker that wear the suit
There aint one that's good on this earth
'cause they never wanna pay you what you're worth[Chorus:]
And it's called the process
The process of weeding out
It makes me wanna fuckin' scream
And it makes me wanna shoutLife's too short
To be treated like shit
So you stand up & scream "Fuck you, I quit"
Now looking for a job puts you in the wrong
But that what the bastard wanted all along
