

# I Suck On My Thumb

## Gwar

Yeah, every time I see you  
I think that you're dumb  
Every time I see you  
I suck on my thumb I suck on my thumb  
I suck on my thumb  
I suck on my thumb  
I suck on my thumb Yeah, every time I see you  
I think that you're dumb  
Every time I see you  
I suck on my thumb You're asking a question  
How come every time I see you  
I suck on my thumb? I suck on my thumb  
I suck on my thumb  
I suck on my thumb  
I suck on my thumb  
Thumb, thumb, thumb, thumb I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you Every time I see you  
I think that you're a dumb  
Time I see you  
I suck on my thumb You're asking, last question  
Who, why, where, why  
And how come every time I see you  
I suck on my thumb? I suck on my thumb  
I suck on my thumb  
I suck on my thumb  
I suck on my thumb  
Thumb, thumb, thumb, thumb I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you  
I suck on my thumb, I love you
