

# Love

## Teddy Pendergrass

Love, I've waited all my life to find you  
I've searched for you in every dream  
And suddenly  
You reached out to meOh love, I remember when I first touched you  
I remember how my heart had wings  
To said upon  
Tell me what went wrongOh love, when you were just within my reach  
I was blind  
To find my dreams of being freeOh love, it's not too late for you and me  
There's still time  
As long as we believe  
Believe in loveI thought that I could live without you  
I really thought that I was strong  
But now you're gone  
I'm not half as strongOh love, I never knew how much I missed you  
I never knew I had to give to you  
To keep you hear  
Now, I need you hereOh love, when you were just within my reach  
I was blind  
To find my dreams of being freeOh love, it's not too late for you and me  
There's still time  
As long as we believe  
Believe in loveI never knew how life could fade away  
A little bit more each day  
Without you  
I'm twice the foolOh love, believe me when I say I'm sorry  
We've got to find a way to start all over  
'Cause it's not over  
For me and youOh love, you were just within my reach  
I was blind  
To find my dreams of being freeFree, is just the way to say goodbye  
But I was wrong  
I really need you by my sideOh love, start to rain for you and me  
There is still time  
As long as we believeLeaving love, it start to rain for you and me  
Leaving love, as long as we believe  
Leaving love, it start to rain for you and me  
Leaving love
