

Boom

Cimorelli

Boom, boom, boom, boom

JR, JR

We L I K E C A R S

The cars that go boom, boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom

Talk to me boy, tell me what you want

Walk with me baby, show me what you got

Do your rims shine bright on the side?

Will they make me bounce bounce when I ride?

Roll with me boy, do you got enough gas?

Let me mess with you baby if you got an S-Class

Do you got enough room in the back?

Navigation show you where my spot at

Slide to the right, slide, slide to the right

Swerve to the left now, swerve to the left

Gas break, gas break

Woah, let me catch my breath

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom

Gotta have that bass bump I like it real loud

Bump, bump, bump, bump

Make the top drop down

Ridin' low, grip the wheel real tight

Please don't crash when I ride all night

Wanna make it lean, wanna make it scream

Wanna make it rock, wanna make it hot

Don't skip that track, don't turn it down

'Cause we're rollin' with the homies

Slide to the right, slide, slide to the right

Swerve to the left now, swerve to the left

Gas break, gas break

Woah, let me catch my breath

Slide to the right, slide, slide to the right

Swerve to the left now, swerve to the left

Gas break, gas break
Woah, let me catch my breath
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom, Prima J
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom
Nelle like it, Jessi like it, all my girls you know like it
Cali and Miami like that boom, boom
Atlanta like it, New York like it, chicks in the Midwest they like it
Your mama and your granny like that boom boom
We L I K E C A R S
The cars that go boom, boom
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom, Prima J
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom
We like the boom, we like the boom, we like the boom
We like the boom, we like the boom, we like the boom
