It Ain't Like That

Pearl Jam

There I was, laid out on a table
Screamin' sweat and bare feet to the floor
In my life, I'd not soften
Things that cut, and burn so often
But I sit, think of somethin'
Scared to face, the dyin' nothin'See the cycle I've waited for
It ain't like that anymoreWhere I go is when I feel I'm able
How I fight is why I'm feelin' sore
In my sight, not forgotten
Feel as though, a tooth were rotten
Behind the smile, a tongue that's slippin'
Buzzards cry, when flesh is rippin'See the cycle I've waited for
It ain't like that anymoreHere I sit writing on the paper
Trying to think of words you can't ignore
In my eyes, what I'm lacking
Score at face, a ten for slacking
Sign the deal, set in motion
Smaller fish, so huge the oceanSee the cycle I've waited for
It ain't like that anymore
