

The Lighthouse

Steve Harley & Cockney Rebel

Darkness ia a message on the sea
Light is like a life to the men below
And when your beam is shone on me
 I get a magic glow
 Could it be the light that's in you?
 Could it my big, brown eyes?
 Why does my light go on shining?
How come the darkest nights stay away?
 Moonlight is a message for the soul
 Spirit on a cross in a raging sea
 And when your gift is given slow
 You put a spell on me
 Could it be your winking eye, love
 Lightning up an emty road?
 Why does my light go on shining?
How come the darkest nights stay away?
