

The Other Side of You

The Mighty Lemon Drops

When the shaking starts and the sky falls down
When your beating heart is the only sound
Round and round, turn me upside down

The river runs deep and wide
Take me to the other side
I manage just before the ride
Take me to the other side
C'mon on baby

You can sink so low down in 64
When the Holy Joes are banging on your door
Twist and shout, turn me inside out

The river runs deep and wide
Take me to the other side
I manage just before the ride
Take me to the other side
C'mon on baby

Would you like to see the other side of me?
I can see right through the other side of you, yeah, yeah, yeah

When the shaking starts and the sky falls down
When your beating heart is the only sound
Round and round, turn me upside down

The river runs deep and wide
Take me to the other side
I'm in it just before the ride
Take me to the other side
C'mon baby, c'mon baby, c'mon baby, c'mon baby
