

Glimpse of Love

Franz Ferdinand

Won't someone
Bring me just a glimpse of Love love
Love is going to come as a photographer
Yes, a photographer, yeah, yeah
I need love
So someone better bring me a photographer
Yes, a photographer, yeah A flash
A glimpse of perfect abs
In flimsy floral dress
Shows off her slender frame
Enjoys a private stroll Love love
Love is going to come as a photographer
Yes, a photographer, yeah, yeah
Off duty beauty
You're keeping it real
She's got flawless features
Grabs a bite to eat Stepping out
Sports a bruise on her neck
As she's heading to, to the studio
Decadent
No, she's never been shy
No she's never, never
Never been shy Love love
Love is going to come as a photographer
Yes, a photographer, yeah, yeah
I need love
So someone better bring me a photographer
Yes, a photographer, yeah, yeah
Body observation snap
Body transformation trap
Bring it on, bring it on
Let's makeover
Body transformation trap
Body observation snap
Bring it on, bring it on
Cut - makeover scene
Makeover scene
Makeover scene Won't someone
Bring me just a glimpse of love, a glimpse of love

Won't someone
Bring me just a glimpse of love, a glimpse of love
Won't someone
Bring me just a glimpse of love, just a glimpse of love Love love
Love is going to come as a photographer
Yes, a photographer, yeah, yeah Just a glimpse of love, just a glimpse of love
Just a glimpse, just a glimpse, just a glimpse of
Just a glimpse of love
