Awaken

Peter Bradley Adams

My love lies still
Awaken
And I'll walk these hillsBreak me open
'Til my blood runs free
Break me open
There's a light I seeCalling me, calling me back
Calling me, calling me backAwaken
My love lies cold
Awaken
And I'll walk aloneOh the mountain
It shines on me
Oh the mountain
It follows meCalling me, calling me
Calling me, calling me back
Calling me, calling me
Calling me back[interlude by Dakshinamurthi]Skies are breaking
Darkness shaking
All around us is only loveHearts are racing
There's a fear we're facing
All around us is only loveAll around us is only love
All around us is only love
