

Can You Live As Fast As Me?

Information Society

I I believe in the power of rock'n'roll
I believe that Exxon can save my soul

II They pull your strings,
you just don't know it
they pull mine too,
but I try not to show it

III I don't know what to say
when you take your light away

I try to do my very best
and to disregard the rest

IV When you leave what can you do?
When you dream what do you see?

I'm afraid it's just too new
can you live as fast as me?

Repeat Chorus I - II

I got my baby on a chain
because it helps to ease the pain
occam'b razor cuts so deep
it's the one thing I can keep

Repeat Chorus IV - I - II - III - IV
