Last Beautiful Girl

Matchbox 20

This will all fall down like everything else that was
This too shall pass and all of the words we said
We can't take back
Now every fool in town would've left by now
I can't replace all of the wasted days
The memory of your face, I can't help thinkin'
Maybe if we ever coulda kept it all together, where would we be
A thousand lost forevers
And the promises you never were giving me
Here's what I'm thinking
It won't be the first heart that you break
It won't be the last, beautiful girl
The one that you wrecked won't take you back
If you were the last beautiful girl in the world
So tell me one more time
How you're sorry about the way this all went down
You needed to find your space, you needed to still be friends
You needed me to
Call you if I ever couldn't keep it all together you'd comfort me
You tell me but forever
And the promises I never should have believed in
Here's what I'm thinking

It won't be the first heart that you break
It won't be the last beautiful girl
The one that you wrecked won't take you back
If you were the last beautiful girl in the world
Last beautiful girl in the world
It's over now, I've gone without 'cuz you're everyone else's girl
It seems to me, you'll always be everyone else's girl
Everyone else's girl
This will all fall down like everything in the world
This too must end and all of the words we said
We can't take 'em back
And it won't be the first heart that you break
It won't be the last, beautiful girl
The one that you wrecked won't take you back
If you were the last beautiful girl
It won't be the first heart that you break

It won't be the last, beautiful girl
The one that you wrecked won't take you back
If you were the last beautiful girl in the world
The last beautiful girl in the world
You are the last beautiful girl in the world
Beautiful girl
