

# Blue Light Boogie

Gary Clark Jr.

They did the Boogie real slow with the blue lights way down low  
They did the Boogie real slow with the blue lights way down low1  
I went to a party, was nothin there but bobby socks  
Went to a party, man you oughta seen em to reel and rock  
They did the Boogie real slow with the blue lights way down low  
They did the Boogie real slow with the blue lights way down low2  
I started rockin, man I threw my left foot out.  
I started swingin, somebody begin to shout  
You got to Boogie real slow with the blue lights way down low  
You got to Boogie real slow with the blue lights way down low3  
The girls boys, they made so much noise  
They even had a raid  
But when the police got there all they could find  
Was ice cream and lemonade4  
Oh what a party  
I'm so glad I didn't stay at home  
Oh what a party  
They didn't treat me like I was a chaperone  
They did the Boogie real slow with the blue lights way down low  
They did the Boogie real slow with the blue lights way down lowrepeat 25  
The Women had they're heads laid on their fellas' shoulders  
Who were boogie-woogeyin and squeezin em up in the room  
I couldn't see how they was dancin  
Cuz their feet, they didn't moverepeat 4
