

Ubu

Raze

UBU and I'll be me
That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working togetherIn a room full of circles and squares
I sit and wonder
Does anybody dare to be different?
I think if I were you and you were me
You'd see that we're the sameIt's all a game, ain't nothing changed
We're the same in the sense that we need to be
L O V E D
Hypothetically, love starts when you respect yourself
So tell me what you see when you see youUBU and I'll be me
That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working togetherThere's a man on the corner of nowhere and 5th
I wonder how he ended up like this
Without a dime to his name, it's a shame
Mmm, mmm, mmmHe took a chance with the wrong friends
Got caught up to no good in the neighborhood
Where it's hard to survive, staying alive
It's a full time job
Living larger than the next guyUBU and I'll be me
That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working togetherLittle girl with hopes and big dreams
Don't get swayed by those sex fiends
I understand that you want a man
But a real man will help you standUBU and I'll be me
That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working togetherUBU and I'll be me

That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working togetherUBU and I'll be me
That's the way it's supposed to be
We're all in this together
UBU and I'll be me
That's the way it's supposed to be
We should be working together
