Reckless Closure

Social Repose

Give me a reason to look back
You took back the thing you ever gave me
To make me crazy
After all that's said and done,
I'll be the only one standing,
Demanding for reckless closureYou were the face that launched a thousand chills
[Whoa]
Grants for safety resting on my limbs
Maybe in a perfect world,
give me no reason to die
But baby, I crossed the Great Divide
To be by your sideTo feel whole again
To feel whole againGive me a reason to look back
You took back the thing you ever gave me
To make me crazy
And after all that's said and done,
I'll be the only one standing,
Demanding for reckless closureThere was a note scribbled out on the dashboard
I had to push myself to read
What it saidDear Love,
My hands are numb
Claws made a nest inside my eyes
You can try to devise a plan
To keep in my smoldering and perfect sideBut there's nothing to fear but fear itself
But what if I am fear?
Would you fear me?
Then would you cower in a corner and call it quits?
Gotta push on, pull on, carry onBoy, I'm not the one you want
I'm just that empty feeling you crave
That makes you feel whole again
You're tryin' to feel at home againYou disappear for quite some time
Just to try and set me freeGive me a reason to look back
You took back the thing you ever gave me
To make me crazy
But after all that's said and done,
I'll be the only one standing,
Demanding for reckless closureBut there's nothing to fear but fear itself
But what if I am fear?
Would you fear me?

Then would you cower in a corner and call it quits?
Gotta push on, pull on, carry on
Carry on...
Carry on.....
