

Little Boys In The Ghetto

Suburban Kids With Biblical Names

The dirty dogs
Were gathering
Outside the pizzeria
And someone had written, 'I love maria'

All the fresh mcs had their fresh mc show
Outside where I bought some chips
Sour cream and onion with dip

All the kids were on bikes and I heard that sound
All their gasses flew up high and I heard that sound
All their bombs went loud and I heard that sound
All the cars bumped around and I heard that sound

Like this!

The older punks
With espresso drinks
Outside the cafeteria
Dicussing all the rubbish on the stereo
And the younger punks
With all their plans
Outside the pizzeria
Talking about which tba to play that day

All the kids were on bikes and I heard that sound
All their gasses flew up high and I heard that sound
They were raising up and down and I heard that sound
All the cars bumped around and I heard that sound
They were raising up and down and I heard that sound
All the cars bumped around and I heard that sound
