Through the Fire

The Damn Quails

Walk in the flame again
I'll be there to hold your hand
Keeping you safe until' the end
And when the flood begins
I'll be there with you to stand
Walking in faith until' the end
I see you through the flood
See you through the fire
See you through the storms-a-ragin'
I see you through the flood
See you through the fire
See you through the storms-a-ragin'
Walkin' the darkest rain
I cover you by my name
A shelter inside your world of pain
Step on the water's waves
Comin' to me by faith
I am the light of better days
I see you through the flood
See you through the fire
See you through the storms-a-ragin'
I see you through the flood
See you through the fire
See you through the storms-a-ragin'
I see you through the flood
I see you through the fire
I see you thorough the storms are ragin'
Don't be afraid
I'll never leave you lyin'
Forever yours
Don't be afraid
Leave you lyin' forever yours
Forever yours
Forever yours
Forever yours I am
I see you through the flood
See you through the fire
See you through the storms-a-ragin'
I see you through the flood

See you through the fire
See you through the storms-a-ragin'
I see you through the flood
I see you through the fire
I see you thorough the storms are ragin'
