S.O.S. ("Save My Body, Save My Soul")

Taylor Hicks

SOS save my body save my soul
SOS I have nowhere I can go
SOS hear my story, hear my plea
SOS hurry here and near to me
SOS saw your balloon above the hill
SOS just the sight gave me a chillSOS I have a reason
SOS I have a right
When I'm broken and I'm hurting
Help me make it through the night
SOS I have a reason
SOS I have a right
Take my hand before it's too late
Cause I can help myself tonightSOS gave me shelter from the sun
SOS now my life it has begun
SOS lifted my spirits to the sky
SOS taught me life and how to fly
SOS save my body save My soul
SOS now I know how far I can goSOS I have a reason
SOS I have a right
Cause I'm broken and I'm hurting
Help me make it through the night
SOS I have a reason
SOS I have a right
Take my hand before it's too late
Cause I can save myself tonightSOS Save my body Save My Soul
SoS I have nowhere I can goSOS I have a reason
SOS I have a right
When I'm broken and I'm hurting
Help me make it through the night
SOS I have a reason
SOS I have a right
Take my hand before it's too late
Cause I can save myself tonightSOS I have a reason
SOS I have a right
Cause I'm broken and I'm hurting
Help me make it through the night
Make it through the nightSOS I have a reason
SOS I have a right
Well I'm broken and I'm hurting

Help me make it through the night
