## Tartar Control

Fuck you damnlirics.  
If you don't have the lyrics just don't enlist it.  
I don't know if enlisted is the correct word.  
I don't even know if enlisted is a real word.  
I'm not an English speaker.  
Anyway... you don't have to lyrics take the title away from your fuckin list.  
Don't make the people waste their time just reading this shit..  
Fuck you again.  
I love the fuck you. Nothing in Spanish sounds so concise  
Ok. Bye
