

Castles Of Sand

Slightly Stoopid

Strike down the one sir
Come criticize you
Strike down the one sir
Come jeopardize you
Come jeopardize you And like a new grown seed
The man come and chop you down
He come chop you down And when your reaching for that sunshine
He come chop you down
He come chop you down
The man come he say to me In the morning time you'll see me
By the ocean floor building castles
Building castles made of sand Said if you're good to me
You know that I'll be good to you
You never really understood
The meaning of the truth
