

# HUMBLE

Đ‘Đ°Đ¹/₂ĐĐÑf

I can see it in the way you walk  
So fine, so fine  
I can see it in the way you smile  
Divine, divine And it's making me humble  
It's making me shy  
And she's making me humble  
She's making me cry Somehow, somewhere  
I'm looking forward  
I know that I'm going to be fine I can see it in the way you walk  
So fine, so fine  
I can see it in the way you smile  
Divine, divine And it's making me humble  
It's making me shy  
And she's making me humble  
She's making me cry I can see it in the way you walk  
So fine, so fine  
I can see it in the way you smile  
Divine, divine And it's making me humble  
It's making me shy  
And she's making me humble  
She's making me cry And she's making me humble  
She's making me cry  
And she's making me humble  
She's making me cry Somewhere I'm looking forward  
I know that I'm going to be fine  
Somehow, somewhere, I'm looking forward  
I know that I'm going to be fine
