Golden Retriever

Golden Retriever

Hey said the devil
When I met her at the roundabout
She's got powers
Magnetic devours you of everything you've gotShe's a golden retriever
Retrieves your oldest coin
Leads you blindly down every dark alley
Then she'll bleed you dryStop! Said the puppy
When I met him at the zebra cross
She said "You need protection
From every direction
But she'll get you anyhow"She's a golden retriever
Retrieves your oldest coin
Leads you blindly down every dark alley
Then she'll bleed you dryShe's a golden retriever
She's a golden retriever
Golden retriever
Golden retriever
Golden retriever
Golden retrieverGolden retriever
Golden retriever
Golden retriever
Golden retriever
