I Get Lifted

Kem

Sittin' here together
Baby, wer'e all alone
Now I can tell you
Girl you turn me on
I get lifted up high
I get lifted up high, girl
Bring out the lovin'
Lovin' desire, baby
You got the match
Ooh that lights the fire

Oh baby, I get lifted up high
I get lifted up high girl, come on
Mama mama, baby baby
Mama mama, sugar sugar, baby baby
I get lifted up high girl
I get lifted up high babe
I get lifted oh girl
I get lifted baby hey
Take my spirit high
