Until It's Over

House Of Fools

Everyday
She sits and she waits for the one
That she loves to come for her
To take her out, get her out of that house
Where her demons lie down before herI heard that she says
She's better off dead than with someone else
And she'll find, yeah, she'll find no greater loveEveryday
In the morning he waits up
To find his way to forget her
Too worried to rhyme, too fucked up to fight
Too afraid what's to come in the futureDespite what she says
He's there every single chance he gets
And he doesn't
No, he doesn't wanna be like themAnd it's so hard for them to see each other now
That it's all said and done
You never know how much you love a person
Until that day they're gone
But it's not over 'til it's over
Over 'til it's overHey, hey, hey
