Cover Girl

Jordan Knight

I get up in the morning and I see your face, girl
You're looking so good, everything's in place
Don't you know I could never leave your side, girl
Won't you stay here with me and be my bride?
Don't you know you're my kind, you're just what I like, girl
You're everything, don't you know you're alright
The only girl I've always needed for so long
You're my everything

[Chorus]
Oh, oh, she's my cover girl
Oh, oh, oh, oh,
Oh, oh, she's my cover girl
Oh, oh, oh, oh

When I look through the pages of a magazine
Still, your pretty face is the prettiest I've seen
Don't you know I only want to be with you
No other girl could make me feel the way you do
You're my everything

[Chorus: x2]

Bass! It's alright
Oh, yeah, it's out of sight
Let me say it's alright, ah. Yeah!

Don't you know I only want to be with you
No other girl could make me feel the way you do
You're my everything

[Chorus]

Oh, oh, she's my cover girl
Oh, oh, oh, oh
