verse 1:

run ragged and wrecked  
catchin' a tiger  
baitin' a bully  
was this my idea  
is it a mistake  
why did you take me heream i too far from home  
am i really all alonewalk child don't run  
go off and have fun  
we'll be waiting  
just look before you cross  
take love with the loss  
i know it's frustratingchorus:  
mama's here and your papa, too  
and we are so darn proud of you x2reach but don't push it away  
say nice words and play  
with intention  
practice restraint  
find out what matters  
i know your heart's been broken  
but martyrs never open doors  
the world is yours  
carry this torch  
and use your voiceverse 1chorus x2all of us who turned into you  
we're sure hoping that you pull on through
