

# Blue Sky (Featuring Keith Urban)

## Emily West

So your conscience finally hit you  
And you're feeling guilty  
And you're wishing I was there  
So you wanna say you're sorry Well, please forgive me if I'm too gone to care  
You can take back your goodbyes  
Wipe off those sad eyes  
?Cause I've got some tears of my own Weather man says it's gonna rain tonight  
The kind of storm where the basement floods  
And you lose the lights, should have thought of that before  
?Cause I'm not your blue sky anymore So you heard the pitter-patter of a lost heart beating  
And learned what it was for  
So you made a list of shoulders  
That you'd be needing Well mine aren't yours anymore  
Come on, show me your temper  
Be the man I remember  
So I won't forget what you've done Weather man says it's gonna rain tonight  
The kind of storm where the basement floods  
And you lose the lights, should have thought of that before  
?Cause I'm not your blue sky anymore don't wanna be that blue sky  
I'm not your blue sky anymore
