

One Day (feat. Damon Albarn)

The Child of Lov

Oh oh aw, im over here.
I'm pride with lots of fear. Tight hands but my throad is clear.
I'm half a man.
I know your space is in me.
I know my face is yours.
just know my hands are empty. Got to stopin in.hold me until te morning, hold me until te morning.
One day baby i got to die And i lie down.
Dont leave me laying heare, everything is to dear.
One day baby, you got to die, you got to die.Rob me.
In a white sheed, cut a hole out, for my mouth, for my mouth, for my mouth
Give me, western will. Loves on.
The same for my (...)The same for my (...)Got it down oh-ho, got it down oh-ho.
I know your words can't standing.
I know my breath is oh-hoJust know that this.. refreshing.
Got to stop.Hold me until the morning.
Hold me until the morning.
One day baby i got to die and i lie down.
Don't leave me laying here, everything is to dear
One day baby you got to die, you got to die.
Hold me until de morning, hold me until de morning.
One day baby i got to die and i lie down.
Don't leave me laying here, everything is to dear
One day baby you got to die, you got to die
