

# Family Life

## Sham 69

Does she always shout at you  
Does she tell you what to do  
I can get by I can get by  
Do you always stay out late  
Does she say you look a state  
I can get by I can get byCos it's better than getting chucked out  
Cos it's better than being alone  
Cos it's better than growing up fed upDoes she tell you not to swear  
How to comb your hair  
I can get by I can get by  
Is your sister on the pill  
How does your mum feel  
I can get by I can get byCos it's better than getting chucked out  
Cos it's better than being alone  
Cos it's better than growing up fed upDoes your brother wear your clothes  
Is he always up your nose  
I can get by I can get byCos it's better than getting chucked out  
Cos it's better than being alone  
Cos it's better than growing up fed up
