Good Luck

Criteria

i can't deny i'm ashamed
so i try to hide it
your face has provided me with grace
and its been warmly invitedi can see my good fortune today
with good reason why
i'm starting a life without luck todayim out of luck are you the same way
im out of luck are you the same way
im out of luck are you the same way
im out of luck are you the same wayrationalize the choice you make today
because it might be the last you'll ever choose
with a charmed life i began to see
im not the one who designed itSo it's a matter of personal choice
i'm staking my claim
i'm starting a life without luck todayim out of luck are you the same way
im out of luck are you the same way
im out of luck are you the same way
im out of luck are you the same waygenerate a thousand reasons cause only you convince yourself why its right
i can see my good fortune today
with good reason why
i'm starting a life without luck today
