

# All Right By Me

Sev

You got to move it got to groove it  
Got to get into it  
Intuition that I listen too  
Gets me through it  
I pursue it so I knew it  
That I had to do it  
Don't got to prove it that I'm fluid  
and I'm getting stupid  
But you never knew how clever now that this could be  
And we're fine to blow your mind with this energy  
It's who I am and what we represent  
The place where we came, Planet Earth resident

It's alright by me, it's alright tonight.  
We are the ones that make you go wow  
That make you move now  
You got to get loud

I remember Junior High School  
The place we learned to be cool  
Wearing Parachute Pants,  
showing kids how to breakdance  
Skateboarding in your neighbors pool  
I did a lot of dumb shit,  
and most of the time I got caught  
Next I was sent to Military Academy  
But Marching my ass off,  
it just didn't seem right to me  
So I became a casualty of war  
You know like the kid next door  
It's alright by me, it's alright tonight.  
We are the ones that make you go wow  
That make you move now  
You got to get loud  
It's alright by me, it's alright tonight.  
Somebody, Anybody, Everybody now  
You got to get down, you got to get down

It's alright, it's alright, by me

I got my good side on my left,  
I got my bad side on my right  
And yo which side will I be walking with tonight  
Stay positive even if we get beat down  
Cuz what goes around you know it comes around  
I drink Gin from Bombay  
Getting ill everyday  
Every morning, every night 420 twice a day, hey  
I'm not the average type of guy  
And when I walk in the room,  
you know the ladies know why

It's Alright.....
