

Long Live Love

[Chris Andrews](#)

Venus must have heard my plea
She has sent someone along for me I have waited a long long time
For somebody to call mine
And at last he's come along
Baby, ah, nothing can go wrong We meet every night at eight
And I don't get home till late
I say to myself each day
"Baby, ah, long, long live love"
Uh-huh! True love must be the greatest thing
I know now; I sing and sing
Of the moon and stars above
How I longed to be in love We meet every night at eight
And I don't get home till late
I say to myself each day
"Baby, ah, long, long live love"
Uh-huh! Now, of one thing I'm more than sure
Since love's come, I don't want more
Than to kiss him every night
'N make everything all right We meet every night at eight
And I don't get home till late
I say to myself each day
"Baby, ah, long, long live love"
Uh-huh! We meet every night at eight
And I don't get home till late
I say to myself each day
"Baby, ah, long, long live love"
Uh-huh! Long, long live love
