

Rev It Up & Go

Stray Cats

Well, I got a big old bomb and it won't be around for long
Well, I got a big old bomb and it won't be around for long
Well, it's a big old bomb but it gets me where I'm goin' I got a thirty-nine Ford, this old heap just won't die
Well, I got a thirty-nine Ford, this old heap just won't die
Well, this thirty-nine Ford might outlive you and I Having a beer and listening to the radio
Having a beer and listening to the radio
It's got a worn back seat and a steamed up rear window I got a big old bomb and it won't be around for long
Well, I got a big old bomb and it won't be around for long
Well, it's a big old bomb but it gets me where I'm goin' Well, rev it up and go
(Rev it up and go)
Rev it up and go
(Rev it up and go) Rev it up and go, go, go
(Rev it up and go)
Rev it up and go
(Rev it up and go) I got a big old bomb and it gets me where I want to go
