

Just Because (Bryan-Michael Cox Remix)

Ginuwine

[Chorus]

Just because I'm all G'd up, doesn't

Mean I'm out to cut

Just because,boo,I got game, doesn't

Mean I'll forget your name

Because I push a 6, doesn't mean I'll ego trip

It's hard to believe a playa like me,could treat

You like a lady

Just BecauseHearing my name every other day,

People gonna say what they want to say

But they don't really know me babe,

Hate on me 'cause a brother paid

Only known you for a short time, things that you're

Hearing weighing on my mind

If you feel me, here's what I suggest, let

Me put your fears to restBaby I admit it, I used to, hit it and

I quit it

But I' trying to, learn to be committed, to

You and only, I'm your man[Chorus]I can understand why you're insecure, doing

All I can just to reassure

Seeing all these women at my stage door, screaming

'G' is the one that we're here for

I know if we go by my history, this might be

Hard to believe

But they don't mean a thing to me, I am

Still the same ol' 'G'Baby I admit it, I used to, hit it and

I quit it

But I' trying to, learn to be committed, to

You and only, I'm your man[Chorus]You're the one I wanted, 'cause them

Other chicks

Couldn't much on it, see you kept it real

So you're gonna get rewarded, no doubt,

I'm your man, check it outBaby I admit it, I used to, hit it and

I quit it

But I' trying to, learn to be committed, to

You and only, I'm your man[Chorus: x3]
