

Gimme What I Want

Keri Hilson

Okay, boys
Class is now in session
Lessons one through forever
Always give us what we want This for my ladies who ain't gon' wait 'round for no man
I hope these fellas get it, I hope they understand
Understand the woman is the boss
And if they don't get, get it, tell 'em, tell 'em to get lost Where my sexy, sexy fellas with that money in they
pocket
Who can make me, make me holla, keep me screamin' like an opera
Yeah, I know you want this body, you like the way I flaunt
So boy, don't hesitate, gi-gi-gi gimme what I want I'm hollerin' boy, don't tease me, gimme, gimme what I want
Gimme, gimme what I want, gimme, gimme what I want
Yeah, yeah, yeah, boy, don't tease me, gimme what I want
Gi-gi-gi gimme what I want, gi-gi-gi gimme what I want I want it up, down, round and round, put it down on me
now
Up, down, round and round, put it down on me now
Boy, don't tease me, gimme, gimme what I want
Gimme, gimme what I want, gimme, gimme what I want This for my ladies who ain't gon' wait 'round for no
nigga
Who know that when they want it, they gon' shoot it, pull the trigger
Pull the trigger, yeah ladies, shoot 'em up
Turn into Killa Keri with that drink up in my cup Where my sexy, sexy fellas with that money in they pocket
Who can make-make-make me holla
Keep me screa-screamin' like an opera
Yeah, I know you want this body, you like the way I flaunt
So boy, don't hesitate, gi-gi-gi gimme what I want I'm hollerin' boy, don't tease me, gimme, gimme what I want
Gimme, gimme what I want, gimme, gimme what I want
Yeah, yeah, yeah, boy, don't tease me, gimme what I want
Gi-gi-gi gimme what I want, gi-gi-gi gimme what I want I want it up, down, round and round, put it down on me
now
Up, down, round and round, put it down on me now
Boy, don't tease me, gi-gi-gimme what I want
Gi-gi-gimme what I want, gimme, gimme what I want I want it all, all, all, I want it all, all, all
I want it a-a-all, baby, gimme a-a-all
I want it a-a-all, baby, gimme a-a-all I want it all, all, all
(You know what I want, you know what I want)
